Spiver Israel

brings Italian decorative coatings and premium paints to those who value aesthetics and durability

Spiver is an Italian company founded in 1978 in Sicily. Today, it is among the world's leading producers of decorative coatings, represented in over fifty countries.

Spiver Israel is the official representative of the brand in Israel. We supply original materials directly from the Italian factory, provide professional consultation on product selection and application, and support projects at every stage.

Spiver materials combine aesthetics, technology, and durability. They are designed for both residential and commercial spaces, offering beauty, strength, and reliability — qualities valued by professionals worldwide.

All coatings are European-certified, safe for all interiors, and feature anti-fungal properties — an essential advantage in humid environments. Materials can be tinted using Spiver, Nirlat, Tambur, RAL, and NCS color systems.

This catalog* presents Spiver's main product lines — from decorative finishes to protective and waterproofing systems.

Each coating reflects the Italian approach to quality and attention to detail, providing a flawless appearance and long-lasting performance.

*This catalog features the core product line. The full range — including tools and related products such as protective films, masking tapes, and other professional consumables — is available upon request.

coatings for interiors*

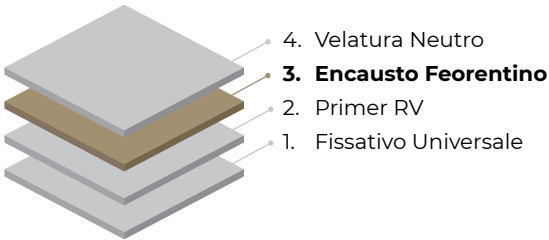

Encausto Fiorentino

Decorative plaster

Application sequence

Type	Decorative plaster
Effect	Concrete, stone, stencil techniques, favignana, majolica
Base	Lime
Form	Ready-to-use paste
Grain	Medium
Base color	White
Packaging	14 l
Consumption	1-1,2 l/m ²
Dilution with water	Ready for use
Layer thickness, mm	1-2
Application area	Interior, exterior
Surface	Smooth, textured
Gloss level	Matte

Recommended tools

venetian trowel

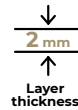

New Concept Travertino

Decorative plaster with high thixotropy

Anti-fungal protection

Layer thickness

Tintable

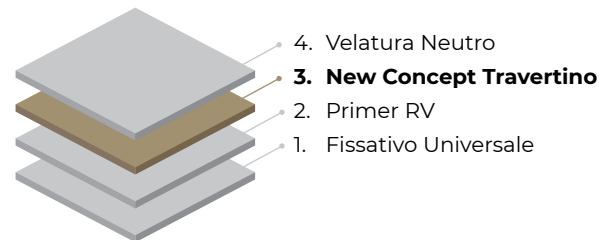

Washable

Packaging

Type	Decorative plaster
Effect	Travertine, favignana, horizon, majolica
Base	Lime
Form	Ready-to-use paste
Grain	Medium
Base color	White
Packaging	14 l
Consumption	1 l/m ²
Dilution with water	Ready for use
Layer thickness, mm	1-2
Application area	Interior
Surface	Smooth, textured
Gloss level	Matte

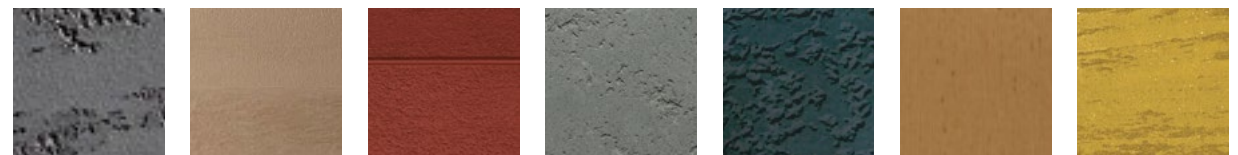

Application sequence

Recommended tools

venetian trowel

MarmOpaco

Fine-grained decorative plaster

Anti-fungal protection

Layer thickness

Tintable

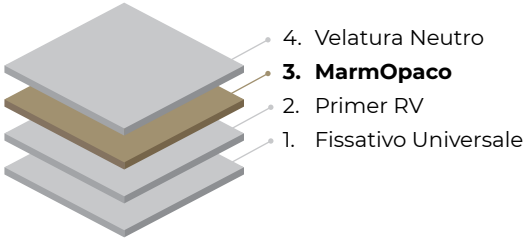

Washable

Packaging

Application sequence

Type	Decorative plaster
Effect	Concrete, marble, antique concrete, tadelakt, favignana, stencil
Base	Lime
Form	Ready-to-use paste
Grain	Fine
Base color	White
Packaging	20 kg
Consumption	0.6-0.8 M ² /kg
Dilution with water	Ready for use
Layer thickness, mm	1.5
Application area	Interior
Surface	Smooth, textured
Gloss level	Matte

Recommended tools

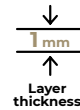

venetian trowel

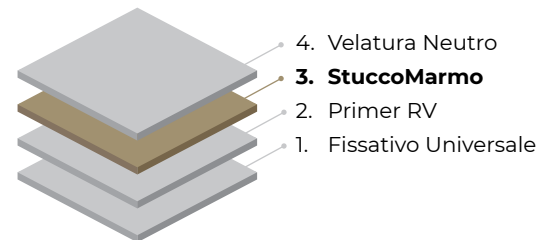

StuccoMarmo

Venetian plaster

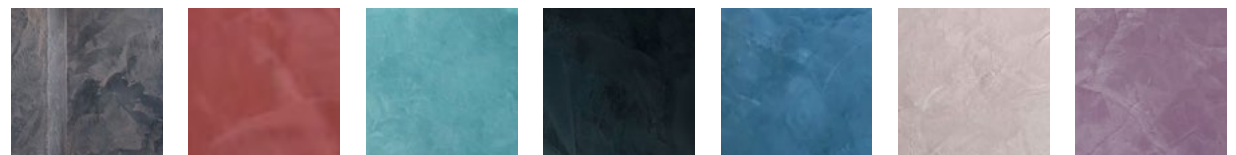

Application sequence

Type	Decorative plaster
Effect	Marble, caustic
Base	Lime
Form	Ready-to-use paste
Base color	White
Packaging	14 l
Consumption	2.3-2.9 m ² /l
Dilution with water	Ready for use
Layer thickness, mm	1
Application area	Interior, exterior, humid zones
Surface	Smooth
Gloss level	Glossy

Recommended tools

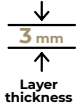

MicroMarmo Floor

Microcement

Anti-fungal protection

Layer thickness

Tintable

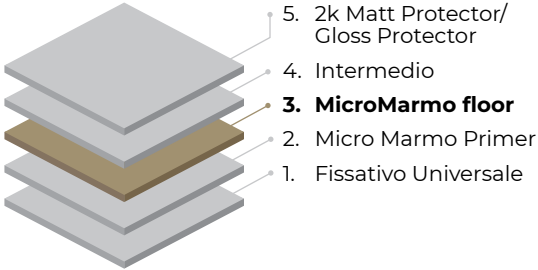

Washable

Packaging

Type	Decorative plaster
Effect	Concrete, terrazzo
Base	Acrylic, mineral filler
Form	Ready-to-use paste
Grain	Fine </td
Base color	White
Packaging	14 l
Consumption	2.5-3 kg/m²
Dilution with water	Ready for use
Layer thickness, mm	3
Application area	Interior, exterior, humid zones, floors
Surface	Smooth, textured
Gloss level	Matte

Application sequence

Recommended tools

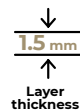

venetian trowel

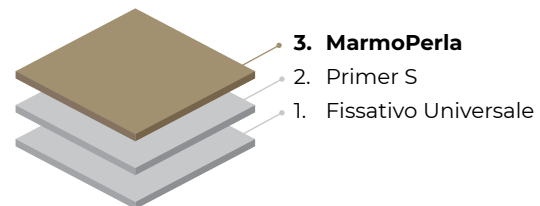

MarmoPerla

Decorative plaster with a subtle pearlescent sheen

Type	Decorative plaster
Effect	Pearlescent travertine, favignana, horizon, majolica, stencils
Base	Lime, acrylic
Form	Ready-to-use paste
Grain	Fine
Base color	Beige
Packaging	20 kg
Consumption	1.25-1.5 kg/m ²
Dilution with water	Ready for use
Layer thickness, mm	1.5
Application area	Interior
Surface	Smooth, textured
Gloss level	Matte

Application sequence

Recommended tools

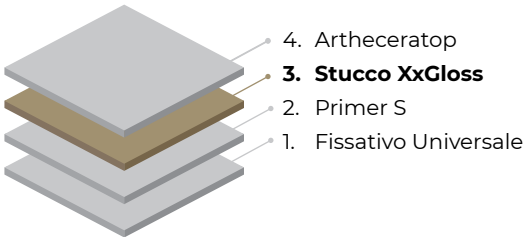

Stucco XXGloss

Extra-gloss venetian plaster

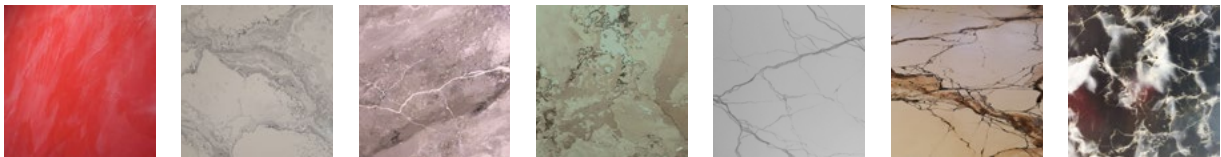

Application sequence

Type	Decorative paint
Effect	Marble, caustic
Base	Lime
Form	Ready-to-use paste
Base color	White
Packaging	14 l
Consumption	2-4 m²/l
Dilution with water	Ready for use
Layer thickness, mm	1
Application area	Interior
Surface	Smooth
Gloss level	Glossy

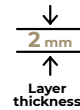

Recommended tools

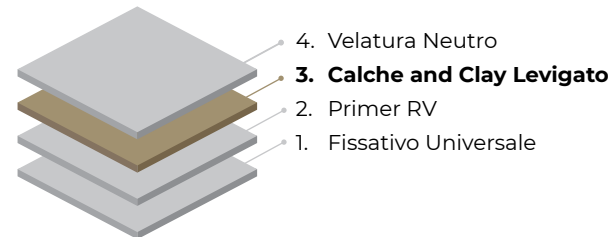

Calche and Clay Levigato

Decorative plaster based on clay

Type	Decorative plaster
Effect	Concrete, stone, favignana
Base	White clay
Form	Ready-to-use paste
Grain	Medium
Base color	White
Packaging	20 kg
Consumption	2-2.5 kg/m ²
Dilution with water	Ready for use
Layer thickness, mm	1-2
Application area	Interior
Surface	Textured, rough
Gloss level	Matte

Application sequence

Recommended tools

Calche and Clay Natural Stone

Coarse-grained decorative plaster based on clay

Anti-fungal protection

Layer thickness

Tintable

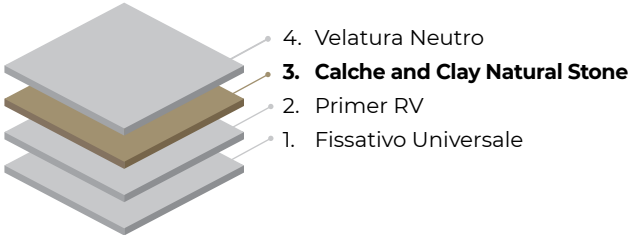

Washable

Packaging

Type	Decorative plaster
Effect	Stone, rough concrete
Base	White clay
Form	Powder
Grain	Coarse
Base color	White
Packaging	10 kg
Consumption	2.6 kg/m ²
Dilution with water	30-40% dilution with water
Layer thickness, mm	2-3
Application area	Interior
Surface	Textured, rough
Gloss level	Matte

Application sequence

Recommended tools

venetian trowel

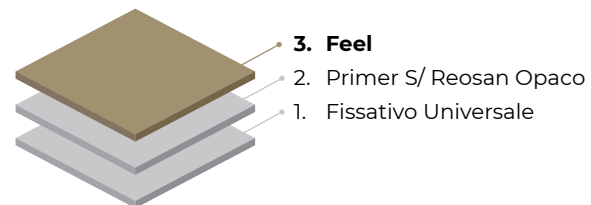

Feel

Acrylic paint with suede effect

Application sequence

Type	Decorative paint
Effect	Suede, velour
Base	Acrylic
Form	Liquid
Base color	White
Packaging	1l, 2.5l
Consumption	0.2 l/m ²
Dilution with water	Ready for use
Application area	Interior
Surface	Smooth, soft-touch effect
Gloss level	Matte

Recommended tools

venetian trowel

brush

roller

spray gun

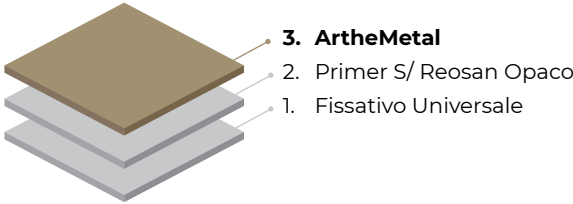

ArtheMetal

Acrylic paint with metallic effect

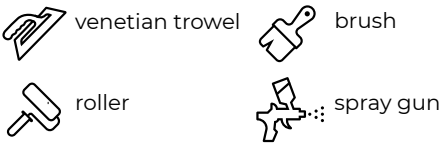

Type	Decorative paint
Effect	Metal, gilding
Base	Acrylic
Form	Liquid
Base color	Silver, gold, copper
Packaging	2,5 l
Consumption	0.1 l/m²
Dilution with water	Ready for use
Application area	Interior
Surface	Smooth
Gloss level	Glossy

Application sequence

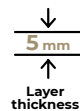

Recommended tools

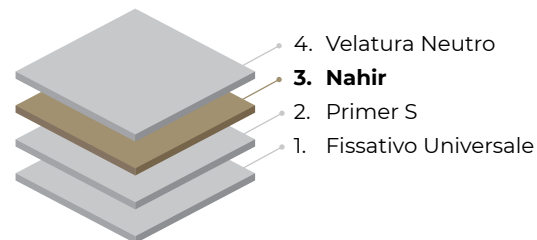

Nahir

Acrylic modeling paste

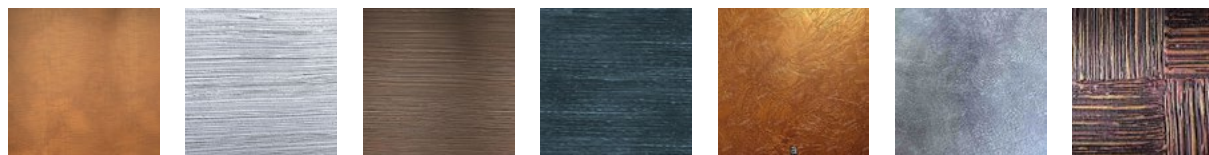

Type	Modeling paste
Effect	Fabric and wood textures
Base	Acrylic
Form	Ready-to-use paste
Base color	White
Packaging	14 l
Consumption	1-5 kg/m ²
Dilution with water	Ready for use
Layer thickness, mm	1-5
Application area	Interior
Surface	Slight relief, smooth
Gloss level	Matte

Application sequence

Recommended tools

Caravaggio

Acrylic paint with velour and silk effect

Anti-fungal protection

Layer thickness

Tintable

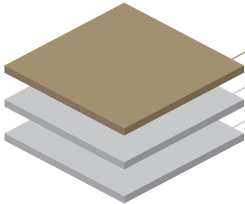

Washable

Packaging

Application sequence

3. Caravaggio
2. Primer S/ Reosan Opaco
1. Fissativo Universale

Recommended tools

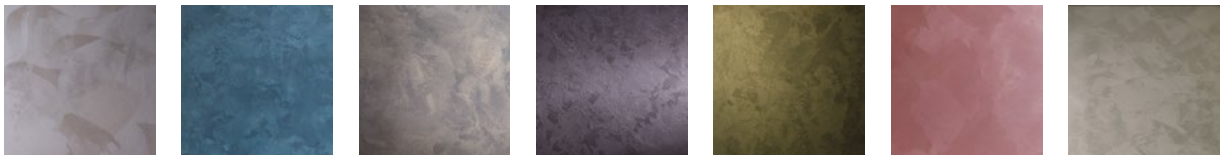

PVC trowel

spray gun

roller

The image depicts a bright, airy interior space. On the left, a tall, built-in bookshelf with arched openings holds various books and decorative objects. The walls are a light, neutral color with subtle vertical paneling. A large, multi-paned arched window on the right side of the frame offers a view of a city skyline. In the center, a low-profile, light-colored sofa is adorned with several pillows in shades of white, cream, and a soft pink. To the left of the sofa, a small, round, light-colored coffee table holds a vase of dried flowers. A floor lamp with a white, dome-shaped shade stands near the window. To the right of the sofa, another small, round, light-colored table holds a decorative bowl. The overall aesthetic is clean, modern, and serene.

*Interior
paints*

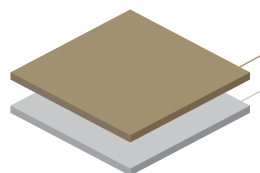

ArtheLack

Washable water-based wall paint with high wear resistance

Type	Water-based paint
Base	Acrylic
Form	Liquid
Base color	White
Packaging	10 l
Consumption	15-20 m ² /l (one coat)
Dilution with water	5-10% dilution with water
Application area	Interior
Surface	Smooth
Gloss level	Matte

Application sequence

1. Fissativo Universale
2. ArtheLack/ Reosan Opaco

Reosan Opaco

Extra matte water-based ceiling paint

Type	Water-based paint
Base	Acrylic
Form	Liquid
Base color	White
Packaging	14 l
Consumption	7-8 m ² /l (two coats)
Dilution with water	5-30% for roller application, up to 40% for spray application
Application area	Interior
Surface	Smooth
Gloss level	Matte

Recommended tools

roller

spray gun

*Decorative plasters
and paints for facades*

Perfecto Stuccomarmo

Venetian plaster
for exterior works

Type	Venetian plaster
Effect	Marble
Base	Siloxane resin
Form	Ready-to-use paste
Base color	White
Packaging	14 l
Consumption	1.4-1.8 kg/m ²
Dilution with water	Ready for use
Layer thickness, mm	2
Application area	Interior, exterior
Surface	Smooth
Gloss level	Glossy

Perfecto Liscio

Water-based paint
for exterior works

Type	Paint
Effect	Siloxane
Base	Готовая эмульсия
Form	Ready-to-use paste
Base color	White
Packaging	14 l
Consumption	4 m ² /l
Dilution with water	Ready for use
Application area	Exterior
Surface	Smooth
Gloss level	Matte

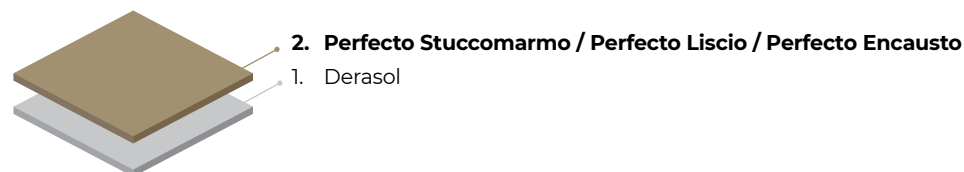

Perfecto Encausto

Decorative silicone-based
plaster for exterior works

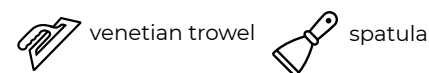

Type	Decorative plaster
Effect	Concrete, stone, stencil techniques, favignana
Base	Siloxane
Form	Ready-to-use paste
Grain	Medium
Base color	White
Packaging	14 l
Consumption	2 kg/m ²
Dilution with water	Ready for use
Layer thickness, mm	2
Application area	Exterior
Surface	Smooth, textured
Gloss level	Matte

Application sequence

Recommended tools

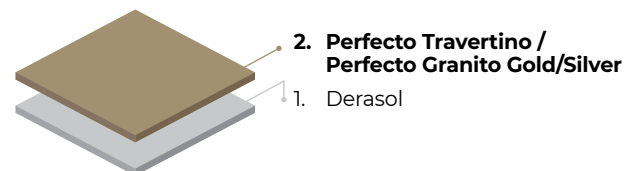

Perfecto Travertino

Decorative silicone-based plaster for exterior works

Type	Decorative plaster
Effect	Concrete, stone, stencil techniques, favignana
Base	Silicone
Form	Ready-to-use paste
Grain	Medium
Base color	White
Packaging	14 l
Consumption	1.7 kg/m ²
Dilution with water	Ready for use
Layer thickness, mm	2
Application area	Exterior
Surface	Smooth, textured
Gloss level	Matte

Application sequence

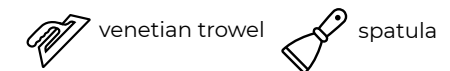

Perfecto Granito Gold/Silver

Coarse-textured decorative plaster for facades with granite effect

Type	Decorative plaster
Effect	Granite
Base	Silicone
Form	Ready-to-use paste
Grain	Coarse
Base color	Silver
Packaging	14 l
Consumption	2.5 kg/m ²
Dilution with water	Ready for use
Layer thickness, mm	3
Application area	Exterior
Surface	Textured, rough
Gloss level	Matte

Recommended tools

Primers

Primer RV

Water-based primer
with marble chips for decorative plasters

Anti-fungal
protection

Packaging

Type	Primer
Base	Acrylic
Form	Ready mixture
Grain	Medium
Base color	White
Packaging	14 l
Consumption	8 m ² /l
Dilution with water	20-40% dilution with water
Application area	Interior, exterior
Surface	Textured

Recommended tools

brush

roller

Primer S

Fine-grained water-based primer
for light decorative plasters

Anti-fungal
protection

Packaging

Type	Primer
Base	Acrylic
Form	Ready mixture
Grain	Fine
Base color	White
Packaging	14 l
Consumption	10 m ² /l
Dilution with water	20-40% dilution with water
Application area	Interior, exterior
Surface	Textured

Recommended tools

brush

roller

Intermedio

Penetrating acrylic primer
for microcement

Anti-fungal
protection

Packaging

Type	Reinforcing primer
Base	Acrylic
Form	Liquid
Base color	Transparent
Packaging	15 l
Consumption	0.1 kg
Dilution with water	Ready for use
Application area	Interior, exterior, humid zones

Recommended tools

brush

roller

Fissativo Universale

Deep-penetration acrylic primer
for interior works

Anti-fungal
protection

Packaging

Type	Reinforcing primer
Base	Acrylic
Form	Concentrate
Base color	White semi-transparent
Packaging	10 l
Consumption	1 l/70 m ²
Dilution with water	1:10
Application area	Interior

Recommended tools

brush

roller

Silossana Primer

Deep-penetration primer
for siloxane paints

Anti-fungal
protection

Packaging

Type	Reinforcing primer
Base	Siloxane, acrylic
Form	Liquid
Base color	Transparent
Packaging	15 l
Consumption	10 m ² /l
Dilution with water	100% dilution with water
Application area	Exterior

Recommended tools

brush

roller

MicroMarmo Primer

Primer base for microcement

Anti-fungal
protection

Packaging

Type	Primer
Base	Acrylic
Form	Ready mixture
Grain	Medium
Base color	White
Packaging	15 l
Consumption	0.150-0.200 l/m ²
Dilution with water	Ready for use
Application area	Interior, exterior
Surface	Rough

Recommended tools

brush

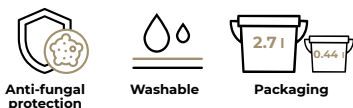

roller

*Protective
coatings*

Matt Protector 2k

Matte two-component polyurethane varnish with water-repellent properties

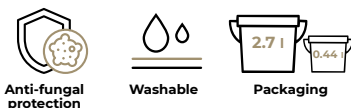

Type	Varnish
Base	Water-based polyurethane
Form	Liquid
Base color	Transparent
Packaging	2.7 l comp. A / 0.44 comp. B
Consumption	0.180-0.200 l/m ² (two coats)
Dilution with water	Ready for use, максимальное разбавление водой 5%
Application area	Interior, exterior, humid zones, floors
Surface	Smooth
Gloss level	Matte

Recommended tools

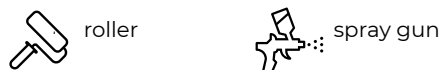

Gloss Protector 2k

Glossy two-component polyurethane varnish with water-repellent properties

Type	Varnish
Base	Water-based polyurethane
Form	Liquid
Base color	Transparent
Packaging	2.7 l comp. A / 0.44 comp. B
Consumption	0.180-0.200 l/m ² (two coats)
Dilution with water	Ready for use (max 5% water)
Application area	Interior, exterior, humid zones, floors
Surface	Smooth
Gloss level	Glossy

Recommended tools

Velatura Neutro

Water-repellent impregnation for decorative plasters, used to create a patina effect

Type	Impregnation
Effect	Patina
Base	Siloxane and acrylic resins
Form	Liquid
Base color	Transparent
Packaging	5 l
Consumption	10 m ² /l
Dilution with water	Ready for use
Application area	Interior, exterior
Surface	Smooth
Gloss level	Matte

Recommended tools

ArtheCeraTop

Transparent water-based wax

Anti-fungal protection

Packaging

Type	Wax
Effect	Polishing
Base	Acrylic
Form	Ready-to-use paste
Base color	Transparent
Packaging	5 l
Consumption	10 m ² /l
Dilution with water	Ready for use
Application area	Interior, smooth surfaces
Surface	Smooth
Gloss level	Glossy

Recommended tools

venetian trowel

spatula

ArtheGlass Protector

Protective glass coating (ARTHE) — waterproof protection for decorative plasters

Anti-fungal protection

Washable

Packaging

Type	Water protection
Effect	Glass
Base	Epoxy resins
Form	Liquid
Base color	Transparent
Packaging	1 l
Consumption	3-5 m ² /kg
Dilution with water	Ready for use
Application area	Interior, exterior, humid zones
Surface	Smooth
Gloss level	Glossy

Recommended tools

venetian trowel

Caravaggio Protector

Protective lacquer for Caravaggio

Anti-fungal protection

Washable

Packaging

Type	Lacquer
Base	Acrylic
Form	Liquid
Base color	Transparent
Packaging	4 l
Consumption	10 m ² /l
Dilution with water	Ready for use
Application area	Interior
Surface	Smooth

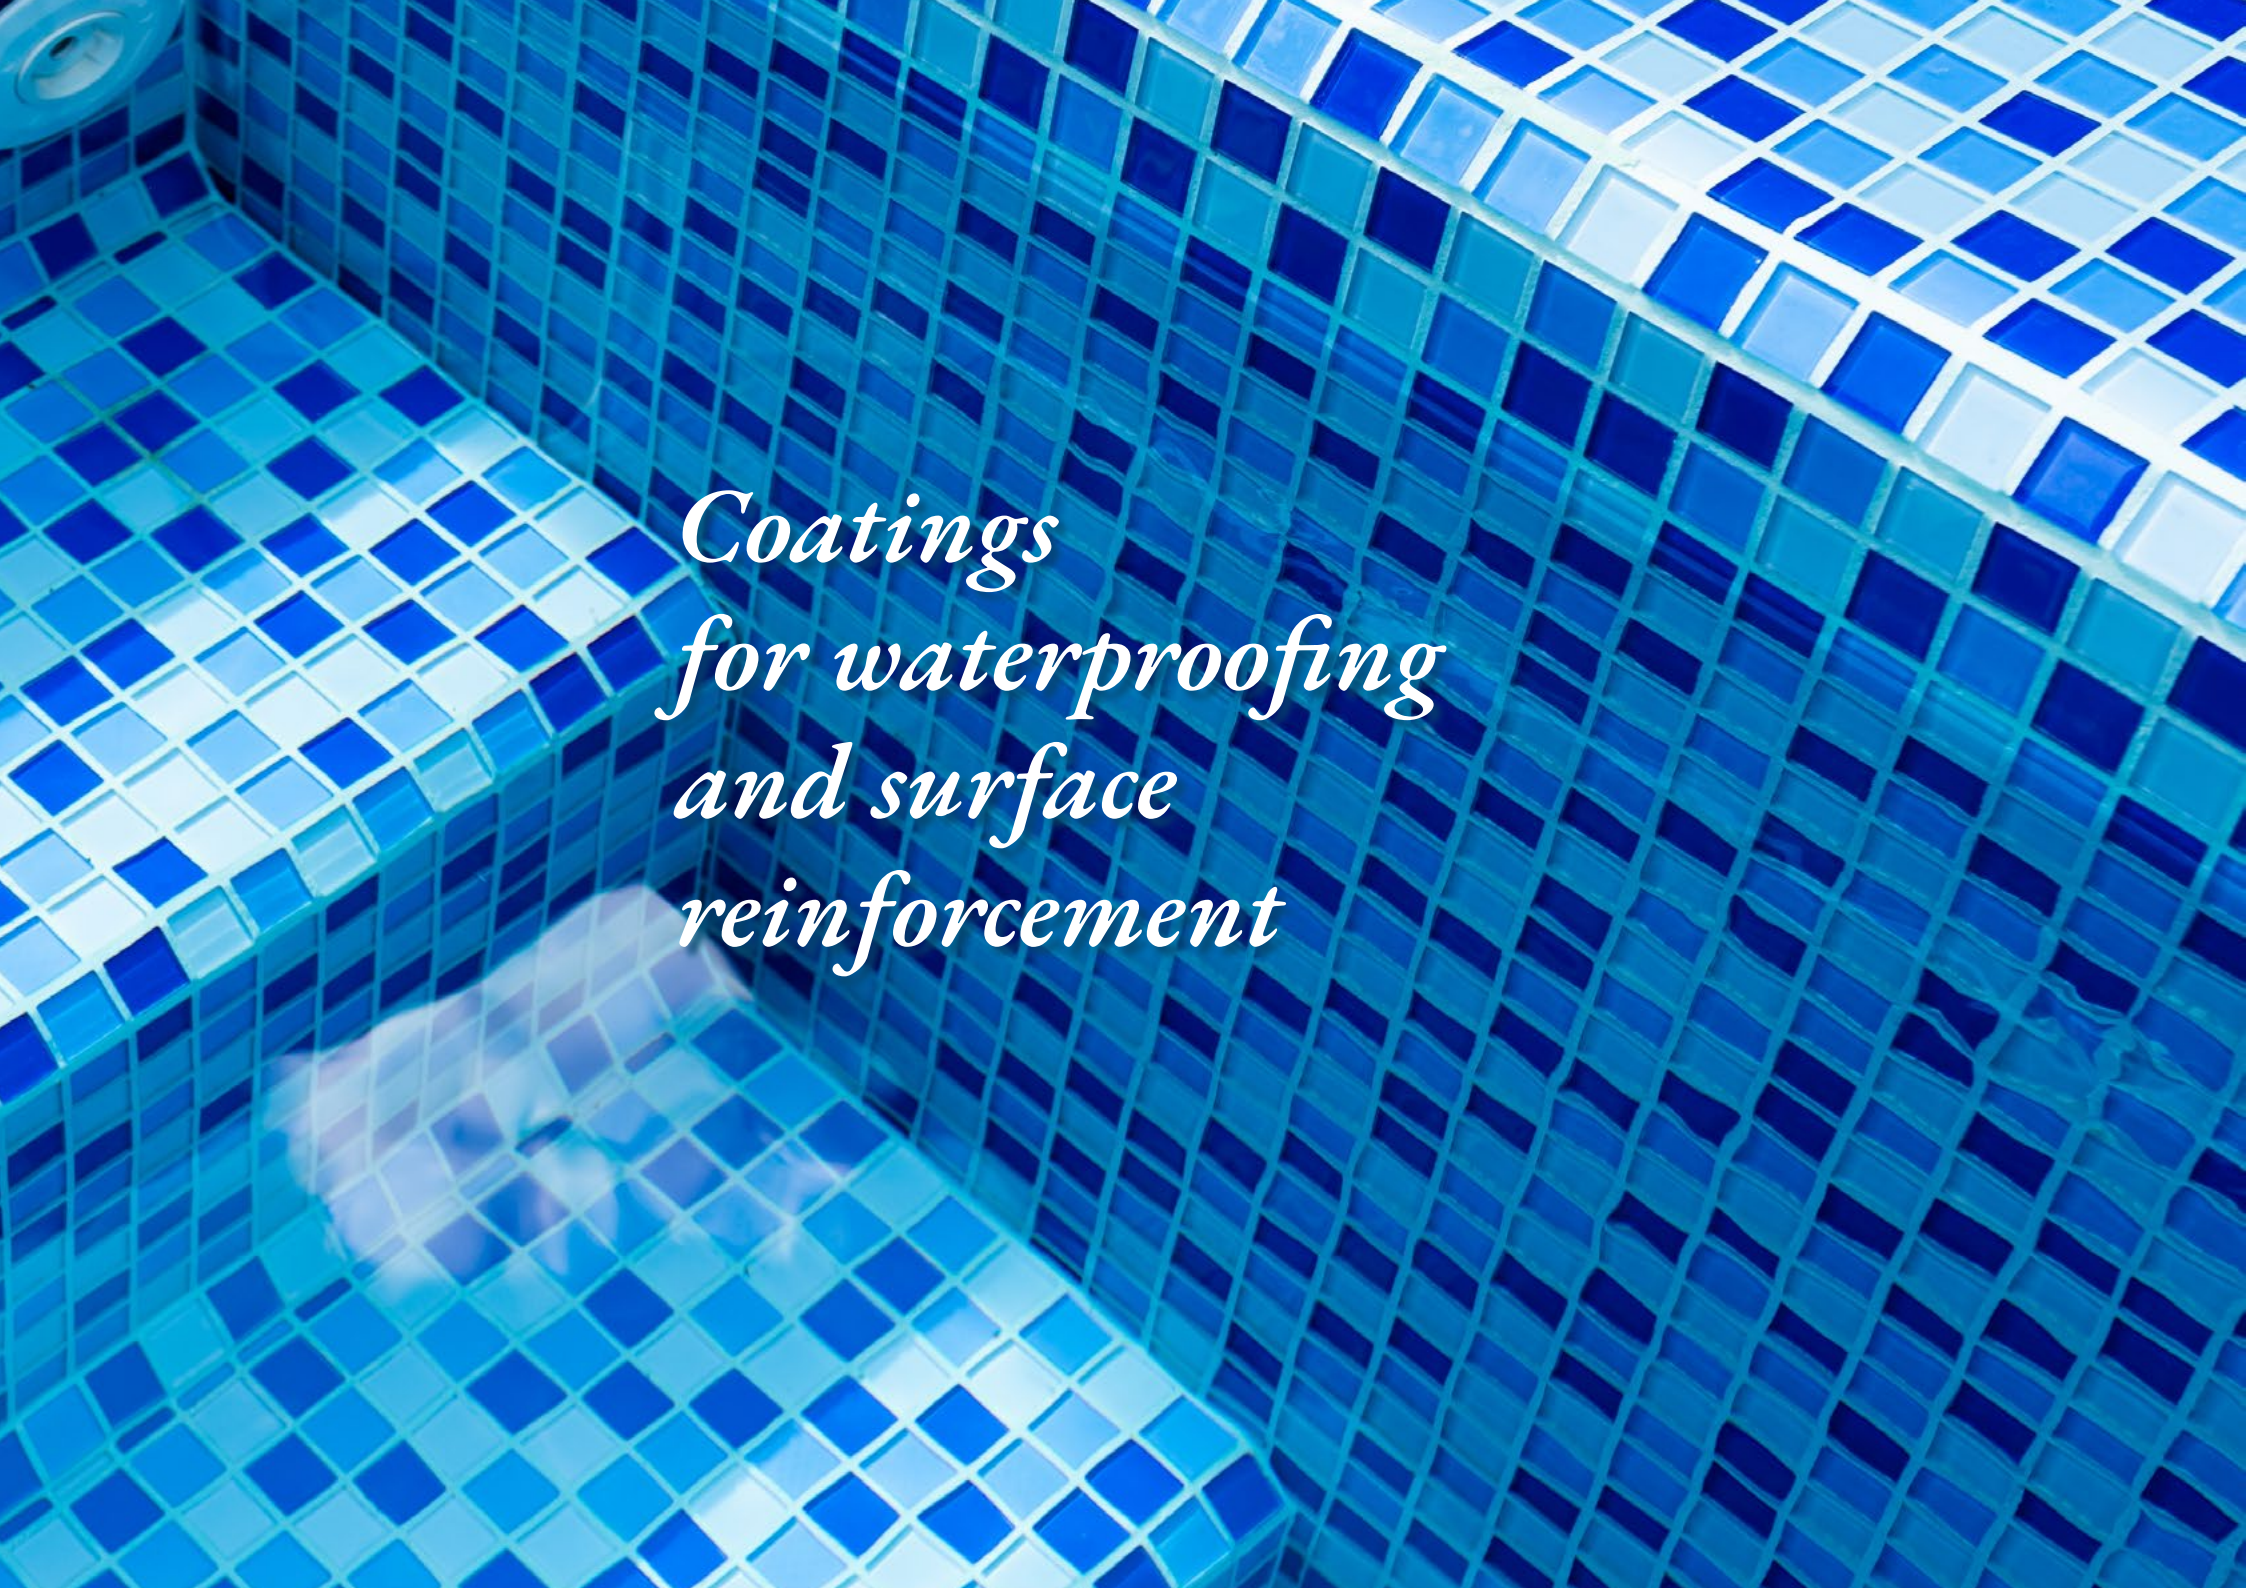

Recommended tools

brush

roller

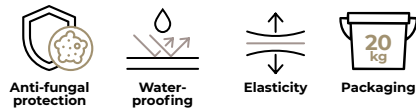

*Coatings
for waterproofing
and surface
reinforcement*

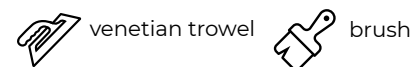

Topflex

Single-component waterproofing membrane

Type	Waterproofing
Base	Elastomers
Form	Ready mixture
Grain	Fine
Base color	Brown
Packaging	20 kg
Consumption	1.5 kg/m ²
Dilution with water	Ready for use
Application area	Interior, humid zones
Surface	Rough

Recommended tools

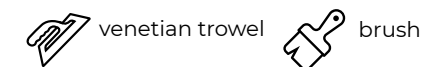

Termoflex

Heat-reflective waterproofing membrane

Type	Waterproofing
Base	Elastomers
Form	Ready mixture
Grain	Fine
Base color	Gray
Packaging	20 kg
Consumption	1.5 kg/m ²
Dilution with water	Ready for use
Application area	Interior, exterior, humid zones

Recommended tools

A modern industrial-style living room. The background is a large, dark, textured wall. To the left, a black wood-burning stove with a tall chimney pipe is visible. In the center, a brown leather sofa with several patterned pillows sits on a light-colored rug. In front of the sofa is a low, dark wooden coffee table with a metal frame and wheels. To the right of the sofa, a black adjustable floor lamp stands next to a small round wooden side table with a metal base. A tall black ladder leans against the wall on the right. The floor is made of polished concrete, and the ceiling features exposed metal pipes and ductwork.
